Metropolitan Map

Tempe enjoys a strategic location within the Phoenix Metropolitan Area. Residents and businesses established in Tempe are well served by the Superstition Freeway, I-10 Freeway, The Red Mountain Freeway, and Price Freeway that links Red Mountain and Superstition Freeways. Additionally the Southern Pacific Railroad and Sky Harbor International Airport serve the business and industrial enterprises that rely on air, rail, and truck shipments to sell their products. The map below depicts Tempe's location within the Phoenix Metropolitan Area

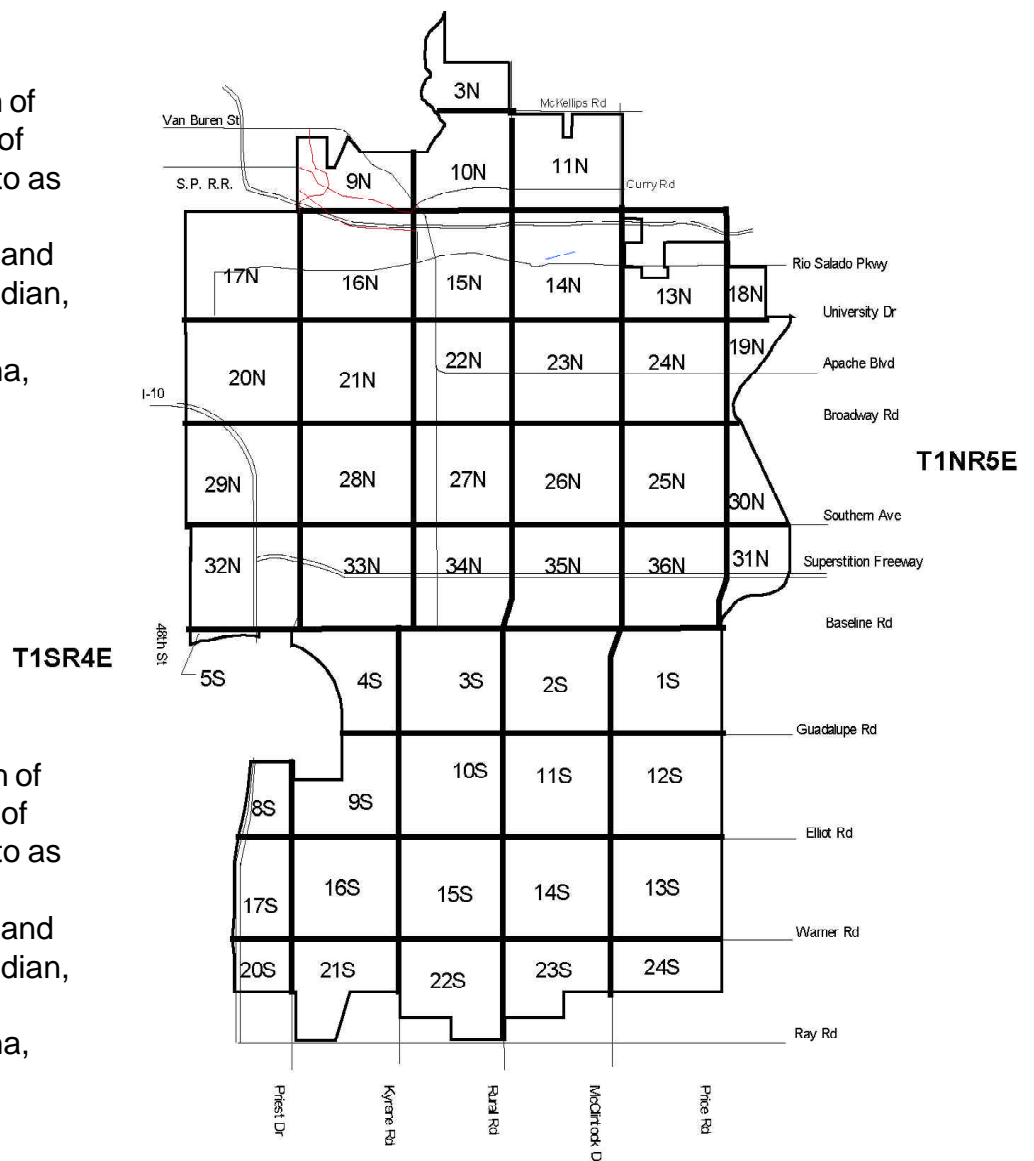

Section Map

The map below shows the City of Tempe section numbers used throughout this report. The numbers with an “N” or “S” suffix are section numbers for Townships North or South (each Township has 36 sections). Numbers start from left to right, then down right to left. For example, all section numbers north of Baseline Road and west of Price Road are referred to as within Township 1 North, Range 4 East of the Gila and Salt River Base and Meridian, City of Tempe, County of Maricopa, State of Arizona, (T1NR4E). This numbering system makes sorting, indexing and reporting convenient and eases management of data within computer database files.

All section numbers north of Baseline Road and east of Price Road are referred to as within Township 1 North, Range 5 East of the Gila and Salt River Base and Meridian, City of Tempe, County of Maricopa, State of Arizona, (T1NR5E).

All section numbers south of Baseline Road and west of Price Road are referred to as within Township 1 South, Range 4 East of the Gila and Salt River Base and Meridian, City of Tempe, County of Maricopa, State of Arizona, (T1SR4E).
